12 ECTS, 12 LE (+350 h private study time)
source research, comprehensive scientific work

Individual appointments will be set with the tutor, group projects are also possible, as well as group work with individual submissions, start, final submission and presentation can be individually defined with the respective tutors.

For questions, please contact the faculty group.

We welcome projects that critically engage with themes such as adaptive reuse, circular design, and the transformation of the built environment.

Whether you're developing your own research question or exploring a topic connected to our ongoing investigations - we're here to support you throughout the process.

Let's exchange ideas -
we look forward to hearing from you!
